Queen Anne's County Citizen:

We are presenting the enclosed operating and capital budgets for the County. These documents summarize the proposed Operating and Capital Budgets for the upcoming Fiscal Year (FY) 2017. This is a proposed budget and can change prior to budget adoption scheduled for mid-late May, based upon public input and further consideration by the County Commissioners. We ask that you also fill out the enclosed survey which will provide information on the needs of the citizens with regard to Internet service.

This proposed budget assumes no change to the property tax rate which is \$0.8471 per \$100 of taxable assessed value. The constant yield rate, which is the rate that would produce the same amount of property tax dollars as the previous year, is \$0.8363 per \$100 of taxable assessed value. The constant yield rate is lower than the current rate because assessments in the most recently reassessed area were higher than three years ago. As indicated, the Commissioners are not proposing any increase in the property tax rate. The income tax rate of 3.2% will also remain at the same rate as in FY2016, the current year.

The budget as proposed for FY 2017 is \$129.9 million, a \$4.8 million or 3.8 % increase above the FY 2016 budget. Excluding the use of one time or first time General Fund revenue sources, the underlying revenue growth is 3.4%. Revenues for the County grow primarily due to moderate increases in income and property tax revenues. The proposed budget includes:

- Funding for the new County courthouse
Additional funding for the Board of Education
A bond sale including the new courthouse, road resurfacing and the Cross County Connector Trail
Funding for numerous outside or non-profit organizations providing services to County residents
Funding for the Board of Education's Technology Initiative, providing improved access to computers for students and teachers
All of this accomplished with no increase in the tax rates

The proposed Operating and Capital Budgets are available on the County's website at http://www.qac.org/587/Budget-Section.

The Queen Anne's County Commissioners will be holding the following public hearings to address the FY2017 budget: April 25, 7 p.m. at Bayside Elementary School; the Tax Rate Hearing, on April 26, 7 p.m. at the Liberty Building at 107 N. Liberty St. in Centreville; and April 27, 7 p.m. at the Sudlersville Middle School, 600 Charles Street, Sudlersville.

Queen Anne's County Internet Service Survey

Queen Anne's County wants to ensure all county residents have the ability to access county information and data. The County is working diligently to identify areas with little or no ability to connect to the internet. By completing this brief survey, you will be providing valuable information and direction on where internet service needs to be provided, what kind of county information is most important to you and your preferred method of receiving information from the county. This information will be compiled into a report prepared for the County Commissioners to consider when making decisions on how to move forward and address the needs of the citizens.

If returning by mail, please send to:

QAC Department of Community Affairs
107 N. Liberty St.
Centreville, Maryland 21617
ATTN: Faith Elliot-Rossing
