

February 23, 2021

The County Commissioners of Queen Anne’s County met this date pursuant to its last adjournment and there were present:

Christopher M. Corchiarino
James J. Moran
Jack N. Wilson, Jr.
Stephen Wilson
Philip L. Dumenil

MEETING CALLED TO ORDER:

The meeting was called to order at 5:15 p.m.

CLOSED SESSION:

Pursuant to State Government Law Section 3-305(b) (1) to discuss the appointment, employment, assignment, promotion, discipline, demotion, compensation, removal, resignation, or performance evaluation of appointees, employees, or officials over whom this public body has jurisdiction; or any other personnel matter that affects one or more specific individuals; “The County Commissioners held a Closed Session on a motion of Commissioner Dumenil, seconded by Commissioner Moran, at 5:15 p.m. in the Office of the County Commissioners, The Liberty Building, 107 N. Liberty Street, Centreville, Maryland.” The Board adjourned in Closed Session at 5:30 p.m. Those in attendance were Mr. Todd Mohn, County Administrator; Ms. Margie Houck, Executive Assistant; and Ms. Heather Tinelli, Economic Development Director.

The Board discussed several Boards/Commission appointments.

In open session:

On a motion made by Commissioner Dumenil, seconded by Commissioner Moran, the Board unanimously agreed to reappoint Bill Walmsley and Tom Glen to serve on the Economic Development Incentive Fund Commission for a 2-year term to expire May 31, 2023. As part of the motion, Commissioners Moran and J. Wilson asked questions and/or made comments on this topic.

MD VACCINE EQUITY TASK FORCE

This was a letter from the Maryland Department of Health asking each of the 24 local health departments to identify an equity officer who will serve as a liaison to the Maryland Vaccine Equity Task Force, whose primary goal is to make the COVID-19 vaccine accessible to all Maryland residents. This memo was to initiate this coordination between local partners and the Task Force. Dr. Ciotola, County Health Officer, recommended Dorine Fassett. She is the alcohol and drug abuse prevention supervisor with the Queen Anne’s County Health Department.

MINUTES:

On a motion made by Commissioner J. Wilson, seconded by Commissioner Dumenil, the Board unanimously agreed to approve the Agenda for the current meeting and the Regular and Closed Session Minutes of February 9, 2021.

PRESS AND PUBLIC COMMENTS:

The following persons spoke to the Commissioners on subjects of interest to them:

1. Jenna Scott

WEEKLY CORRESPONDENCE AND PRESENTATION OF DOCUMENTS FOR SIGNATURE:

The Board reviewed various correspondence with Mr. Todd Mohn, County Administrator.

LETTER – CHESAPEAKE BAY BRIDGE CONTRAFLOW:

On a motion made by Commissioner Moran, seconded by Commissioner J. Wilson, the Board unanimously agreed to sign and send a letter to Gregory Slater, MDT Secretary, regarding the Chesapeake Bay Bridge, Use of Westbound Contraflow 4 Lanes West – 1 Lane East. As part of the motion, Commissioners Moran and J. Wilson asked questions and/or made comments on this topic.

Re: Chesapeake Bay Bridge
Use of Westbound Contraflow 4 Lanes West - 1 Lane East

Dear Secretary Slater:

The Queen Anne’s County Commissioners want to thank MDOT for their successful implementation of all electronic tolling and removal of the toll booths at the Chesapeake Bay Bridge. Completion of these projects is a vital step to improve the flow of eastbound traffic through the Bay Bridge corridor. But as you know, future westbound traffic volumes on summer weekends and holidays remains a significant concern for Queen Anne’s County.

The automated lane closure project, currently under construction will be able to direct westbound traffic onto the two-lane eastbound bridge when the westbound bridge is closed for maintenance. Expanding this contra-flow option to a “4-west-1-east” lane operation would provide greater active traffic management during predictable Sunday beach traffic backups.

The evaluation and addition of a safe crossover merge area on the west side of the bridge could facilitate this contra-flow option during times of severe congestion and provide the flexibility to increase westbound traffic capacity as needed.

We request that MDOT evaluate this possibility and advise the Commissioners of its feasibility. As traffic volumes continue to increase, it is simply imperative that every option to improve the flow of traffic be identified and implemented.

A new Bay Crossing is still many years away, so we must act now to best manage traffic within this corridor.

We look forward to our continued discussions with MDOT on ideas and improvements within the Bay Bridge corridor.

MHAA GRANT APPLICATION – DUDLEY’S CHAPEL ROOF:

On a motion made by Commissioner Moran, seconded by Commissioner J. Wilson, the Board unanimously agreed to sign the MHAA Grant Application for Dudley’s Chapel support letter.

RE: MHAA Grant Application for Dudley’s Chapel

Dear Ms. Ruffner:

We, the County Commissioners of Queen Anne’s County offer our full support to the application from the Trustees of Dudley’s Chapel to the Maryland Heritage Area Authority seeking financial assistance towards the expenses to install a new roof on this historic chapel. The roof was last replaced with cedar shake shingles in 1998. Now that it is more than 20 years old, replacement has become urgent and critical as the deteriorated condition poses risk to the integrity of the structure from inclement weather events and exposure to the elements.

Dudley’s Chapel, known as Queen Anne’s Chapel, as well as the Brick Preaching House, is one of the earliest surviving Methodist churches in Maryland. It is the first Methodist Church built in Queen Anne’s County and one of the only two 18th century churches remaining in the County. As an early place of worship in the Sudlersville Community, Dudley’s Chapel is a valuable asset to Queen Anne’s County and has fervent local support. Replacement of the roof is integral to the preservation of this historic building and its continuance as a contributing resource to our tourism industry.

We thank you for your favorable consideration in awarding grant funds to support the reservation of historic Dudley’s Chapel.

MHAA GRANT APPLICATION - SUDLERSVILLE TRAIN STATION MUSEUM & EDUCATIONAL CENTER:

On a motion made by Commissioner Moran, seconded by Commissioner J. Wilson, the Board unanimously agreed to sign the MHAA Grant Application for the Sudlersville Train Station Museum & Educational Center support letter.

RE: MHAA Grant Application for the Sudlersville Train Station Museum & Educational Center

Dear Ms. Ruffner:

We, the County Commissioners of Queen Anne’s County offer our full support to the application from the Sudlersville Community Betterment Club to the Maryland Heritage Area Authority seeking funding for the purpose of establishing the Sudlersville Train Station Museum and Educational Center. By creating a tourism destination, this new museum building will benefit

and promote heritage tourism in the Sudlersville area as well as in Queen Anne’s County and this region of the Eastern Shore.

The existing small Sudlersville Train Station Museum next to the railroad tracks is specifically cited in the Stories of the Chesapeake Heritage Area Management Plan. The building that will become the home of the new museum will provide expanded space to focus on the collection of community history, the train’s role in the County and Eastern Shore, along with the baseball memorabilia of the National Baseball Hall of Fame baseball player, Jimmie Foxx, who was a native of Sudlersville.

We thank you for your favorable consideration in awarding grant funds to support the establishment of this new museum in the Town of Sudlersville.

CLOVERFIELDS DRAINAGE & WATERSHED STEWARDS ACADEMY:

Mr. Lee Edgar, Chief of Engineering, submitted to the Board for their review and approval, National Fish and Wildlife Grant - Cloverfields Drainage and Watershed Stewards Academy.

Queen Anne’s County is seeking to receive a National Fish and Wildlife Foundation Innovative Nutrient and Sediment Reduction FY21 grant. Queen Anne’s County is one of several interested jurisdictions with a joint proposal ultimately being submitted by the Mid-Shore Community Foundation on behalf of the Envision the Choptank partnership. The Queen Anne’s County project items would fund a Cloverfields Drainage Enhancement design study and support the establishment of a regional Watershed Stewards Academy. At least three other jurisdictions, including the towns of Oxford, Easton, and Cambridge, and possibly Talbot County are also contributing to the Watershed Stewards Academy which, in addition to empowering citizens to improve the quality of their local waterways, would satisfy the outreach and education component of the County’s Municipal Separate Storm Sewer System (MS4) permit.

Staff recommended that the County Commissioners sign the letter of support for the National Fish and Wildlife Foundation grant application. The resources necessary to support a grant award are available in the approved Capital Project no. 400359 MS4 Program Requirements: Drainage & Stormwater Management and proposed FY22 Cloverfields Drainage Enhancement Study capital budget request.

On a motion made by Commissioner Moran, seconded by Commissioner J. Wilson, the Board unanimously agreed to sign the Queen Anne’s County letter of support for the National Fish and Wildlife Foundation 2021 Innovative Nutrient and Sediment Reduction grant application.

SUDLERSVILLE WATER & WASTEWATER OPERATIONS AGREEMENT:

Mr. Alan Quimby, Department of Public Works Director, submitted to the Board for their review and approval, Town of Sudlersville Water and Wastewater Operation Agreements.

The Board reviewed the Operation and Maintenance Agreements developed to allow the County to operate the Town of Sudlersville’s water and wastewater treatment facilities (and its three pump stations). The agreements were modeled after the current MES agreements but modified as necessary to more accurately reflect the actual conditions and duties envisioned. The Agreements were reviewed by the County attorney and have been forwarded to the Town for their review. As of this writing, we have had no comments or objections from the Town.

As you will note, the Agreement allows us to assume operations on March 1. Our staff has met with MES staff on numerous occasions over the past month in anticipation of assuming said operations. MES staff have been most accommodating and helpful.

On a motion made by Commissioner J. Wilson, seconded by Commissioner Dumenil, the Board unanimously agreed to approve & execute the two contracts to allow County staff to Operate and Maintain the Town of Sudlersville’s water treatment plant and wastewater treatment plant, as well as its three wastewater pump stations. As part of the motion, Commissioner Moran asked questions and/or made comments on this topic.

REQUEST TO RELEASE A PORTION OF A FOREST CONSERVATION EASEMENT:

Ms. Amy G. Moredock, Principal Planner & Planning & Zoning Director, submitted to the Board for their review and approval, request to release a portion of a Forest Conservation Easement.

BACKGROUND

In 2005, a Forest Conservation Easement was platted and documented in a deed easement on lands owned by the Moore Family Partnership as a requirement of a large lot subdivision (Plat SM36/34 and Deed SM1489/555). In 2017, that property was purchased by Two Farms, LLC and subsequently, the State Highway Administration has obtained a portion of that parcel in fee simple for a right of way.

SHA is requesting that the County release a 3,800 square foot section of the Forest Conservation Easement located within that right of way. SHA is requesting that they be able to pay the fee in lieu amount of \$1,279.08 for the 3,800 square foot area of required forest retention as platted and documented in a deed easement on lands previously owned by the 2005 Moore Family Partnership (now owned by Two Farms, LLC).

OBJECTIVE

SHA is seeking a clear title within their fee simple right of way while remaining compliant with the Forest Conservation requirements. For this to occur, the County Commissioners would need to approve and execute the partial Release of Easement and accept payment of fee in lieu.

On a motion made by Commissioner Moran, seconded by Commissioner J. Wilson, the Board unanimously agreed to approve the requested action by SHA and execute the Release of Easement and the County collect a fee in lieu payment of \$1,279.08 to release the 3,800 square foot area from the platted protective easement.

MERRICK FARM – TERMINATION OF OPEN SPACE & FOREST CONSERVATION EASEMENTS:

Mr. Robert T. Gunter, Development Review Principal Planner, submitted to the Board for their review and approval, Merrick Farm, LLC - Administrative Subdivision #20-07-0184, Legal Documents - Termination of Open Space Easement and Termination of Forest Conservation Easement.

The Board reviewed the Termination of Open Space Easement (“Easement”) and Termination of Forest Conservation Easement documents for the Merrick Farm, LLC administrative subdivision.

In 2006, Merrick Farms LLC, received approval for a major subdivision known as Greystone. The subdivision created 23 total lots (20 cluster lots, 2 sliding scale lots and 1 large lot). To comply with the provision of the zoning ordinance, 167.481 acres of open space were deed restricted to support the cluster subdivision lots. Additionally, as part of the approval process the applicant provided 6.40 acres of forest conservation area. Currently, the applicant has proposed an administrative subdivision to dissolve 21 lots (20 cluster lots and 1 sliding scale lot) and combine them into existing Lot 1 which was the original parent parcel.

One sliding scale lot from the original subdivision is to remain. This sliding scale lot does not require the deed restriction of open space but will require forest conservation.

The proposed administrative subdivision to dissolve the all cluster lots nullifies the need for an open space easement. To support the one remaining sliding scale lot a 0.475 acres forest conservation area is provided by the applicant.

On a motion made by Commissioner J. Wilson, seconded by Commissioner Moran, the Board unanimously agreed to sign the Merrick Farms, LLC Termination of Open Space Easement, and the Termination of Forest Conservation Easement.

QACPS TEACHER OF THE YEAR - 18TH ANNUAL AWARDS:

Ms. Andrea M. Kane, Ph.D., Superintendent of Schools, submitted to the Board for their review and approval, QACPS Teacher of the Year – 18th Annual Awards Gala.

Queen Anne’s County Public Schools will host its 18th Annual Awards Gala on April 16, 2021, at the Chesapeake Bay Beach Club. This event celebrates the finalists for Teacher of the Year and outstanding accomplishments of twelve (12) support employees. This event is a high point of our school system in which the spotlight shines on our dedicated Queen Anne’s County Public School employees. The evening culminates with the announcement of our 2021-2022 Teacher of the Year.

Much of the success for this event comes from the support of our sponsors. We know this past year has taken a toll on many businesses, and we appreciate anything you can do. Your contribution will ensure we have great awards for every honoree. Please help make this event a success by being a sponsor.

- * Platinum Sponsor Donation of \$1,000 or more
- * Gold Sponsor Donation of \$500 - \$999
- * Silver Sponsor Donation of \$200 - \$499
- * Bronze Sponsor- Donation of \$100 - \$199
- * Supporting Sponsor Donation of up to \$99

We are proud of our great teachers and employees who all work together to educate and inspire Queen Anne’s County Public School’s almost 7,300 students. We are grateful for our community partners who work with us in recognizing these amazing individuals through your generous support.

On a motion made by Commissioner Moran, seconded by Commissioner J. Wilson, the Board unanimously agreed to support the Teacher of the Year 18th Annual Awards Gala in the amount of \$1000. As part of the motion, Commissioner Dumenil asked questions and/or made comments on this topic.

OPERATING EXPENSES FOR MOSQUITO CONTROL IN QAC:

Mr. Brian Prendergast, Program Manager, submitted to the Board for their review and approval, operating expenses for mosquito control in Queen Anne’s County for the 2021 season.

The Maryland Department of Agriculture, Mosquito Control Section, has prepared an estimate of operating expenses for mosquito control in Queen Anne’s County during the 2021 season. This budget estimate is based on previous years’ expenditures and anticipated costs for the upcoming season.

On a motion made by Commissioner J. Wilson, seconded by Commissioner Moran, the Board unanimously agreed to sign the Estimate of operating expenses for mosquito control in QAC.

BUDGET AMENDMENTS:

On a motion made by Commissioner J. Wilson, seconded by Commissioner Moran, the Board unanimously agreed to approve Budget Amendment CC-27.

#	CC-27								Date	2/9/2021
QUEEN ANNE'S COUNTY										
REQUEST FOR BUDGET AMENDMENT										
FY2021										
									Increase (Decrease)	
									Amount	
Description of expenditure/revenue accounts to increase/(decrease):									Fund	Account Code
Increase	Special Loans/Grants Prog	Other State Operating Grants							\$	26,121
									Net Increase in Revenue	\$ 26,121
Increase	Special Loans/Grants Prog	Other							\$	26,121
									Net Increase in Expenditures	\$ 26,121
Justification:										
This amendment shows the carryover of \$26,121 from FY20 for the MAHT Grant. Half of the grant was budgeted in FY20 and the other half in FY21. From the FY20 portion, \$26,121										
was not spent. Therefore, this amendment establishes budget authority to spend in FY21.										
NO ADDITIONAL COUNTY FUNDS ARE REQUESTED

PUBLIC HEARING:

The County Commissioners of Queen Anne's County held a public hearing at 6:10 p.m. in the Commissioner's meeting room located in the Liberty Building, 107 North Liberty Street, Centreville, Maryland 21617. The purpose of the hearing was to consider the execution of a Mutual Aid Agreement with the Counties of Wicomico, Somerset, Worcester, Dorchester, Talbot, Caroline, Kent and Cecil.

There was no public testimony

Sheriff Hofmann reviewed the perceived benefits for the Eastern Shore Sheriff’s Mutual Aid Agreement.

On a motion made by Commissioner J. Wilson, seconded by Commissioner Dumenil, the Board unanimously agreed to adopt the Mutual Aid Agreement.

Corchiarino	x	

PUBLIC HEARING:

The County Commissioners of Queen Anne’s County held a public hearing at 6:15 p.m. in the Commissioner’s meeting room located in the Liberty Building, 107 North Liberty Street, Centreville, Maryland 21617. The purpose of the hearing was to consider amending the Queen Anne’s County 2011 Comprehensive Water and Sewerage Plan (CWSP) Amendment 11-16.

The Kopec amendment, being requested by the contract purchaser, Barry Waterman, is unique in that it seeks to ‘undo’ a previous amendment which was heard May 22, 2007. The ‘preliminary subdivision plat’ noted in Condition 1 below had all 8 lots fronting on Loblolly Way. While difficult to see on the sewer service map, there is a triangular ‘spite strip’ of land (Parcel 813) owned by another party fronting a good portion of the road (refer to aerial). This strip is owned by the previous contract purchaser that had requested the amendment in 2007 but never moved forward with the project. Without owning this strip, the development cannot meet the configuration noted in Condition 1.

KOPEC PROPERTIES - This site is shown on Tax Map 58 as Parcels 643 & 814. The parcels combined are approximately 16 acres in size. The parcels are located between the Winchester subdivision and the Chester River Beach subdivision. The property is zoned Grasonville Planned Residential Neighborhood (GPRN). This property’s sewer service designation was up graded from S-3 to S-2 via Amendment 06-06 of the 2006 Comprehensive Water and Sewage Plan which carried the following five conditions

1. There shall be no more than eight (8) new or existing lots created on the property which shall be configured as set forth on the preliminary subdivision plot displayed to the Commissioners during the public hearing.
2. Stormwater management facilities shall be designed and constructed to avoid additional impacts to the surrounding properties.
3. Four (4) streetlights will be installed by Mr. Kopec, or his successors, along Loblolly Way.

4. A light illuminating the “Winchester” community sign will be installed by Mr. Kopec, or his successors.
5. The new lots will be included within the Winchester community and be made subject to all recorded restrictive covenants affecting existing lots within Winchester.

The current amendment application seeks to remove all five conditions in order to allow for up to 14 lots (a minor subdivision of 7-lots on each existing parcel) with a new configuration than previously reviewed. The average anticipated sewer flows for the property would be 3,500 gallons per day. Sewer service is to be provided by Collection Station ‘L’.

Mr. Barry Waterman reviewed the proposed amendment.

The second amendment is a request from the Town of Barclay to include four recently annexed lands into the Town’s sewer service area.

TOWN OF BARCLAY— The incorporated Town of Barclay is requesting a sewer map amendment to upgrade the service area designation from S-6 to S-2 for the 4 properties listed below (plus the portion of the railroad right-of-way encompassed by these 4 properties) that were recently annexed into town limits. This amendment will allow the properties to connect to a planned denied access sewer line (as approved previously via Amendment 06-12 - November 25, 2008) which will connect the Town of Barclay to the Town of Sudlersville ‘s sewer treatment plant.

The properties considered for annexation are predominately vacant agricultural lands and are all located to the east of Md Rt 313 (Goldsboro Road) and north of Md Rt 302 (Barclay Road) and consist of the following properties:

- Tax Map 18 – Parcel 24 - 51 acres
- Tax Map 18 - Parcel 57 - 26 acres
- Tax Map 24 - Parcel 155 - 12 acres
- Tax Map 24 - Parcel 52 - 1 acre

Patrick Thomas, Esquire reviewed the proposed amendment

On a motion made by Commissioner Moran, seconded by Commissioner Dumenil, the Board unanimously agreed to approved the sewer map amendment to upgrade the service area designation from S-6 to S-2 for the 4 properties listed above (plus the portion of the railroad right-of-way encompassed by these 4 properties) that were recently annexed into town limits.
