- \$30 per quarter vacant lot O&M fee commencing October 1, 2018

Option 2 – 10-year Deferral of EBP Principle

The assessment, once levied, is transferable to future property owners if the property is sold before the assessment is paid in full. **Also note once the assessment is levied, the action is final and it must be paid.** If you are still considering the option of voluntarily combining adjacent lots to avoid multiple assessments, we have extended **this deadline to October 1, 2018.**

Prepayments on the assessment balance will be allowed without penalty however the assessment balance will not be re-amortized, only the term of the assessment will be reduced.

The County will begin accepting building permit applications for review on August 1, 2018 however none will be issued until October 1, 2018.
