

Changing Windows Domain (ADFS) Passwords

Purpose and Scope

This document outlines the procedures for changing your Windows Domain password once your account has been migrated to Office 365.

Note: Only password changes can be performed, meaning you must know your current password in order to change it. If you do not know your current password, please contact the IT Service Desk at 410-758-6607 for assistance.

Procedure

1. Access the ADFS Password Change Self-Service Portal:
<https://fs.qac.org/adfs/portal/updatepassword>
2. Type your username (firstinitiallastname@qac.org)
3. Type your current Windows Domain password
4. Type your new Windows Domain password
5. Confirm your new Windows Domain password, by typing it again
6. Click "Submit"
